MERRY CHRISTMAS 2013

At Sunbeam, we notice the little things. We notice people's quirks, idiosyncrasies and habits, then we design and engineer our products to meet them. Our promise is to ensure our products don't just look good, but importantly, they are built with function and insight at their heart and are always designed to delight and surprise.

At Sunbeam, our products are designed by **you.**

Sunbeam

CAFE SERIES

The Sunbeam Cafe Series® delivers commercially inspired quality, style and superior performance. It brings together a range of appliances designed to expertly create restaurant and café food and beverages at home.

Cafe Series®
Precision Grinder

EM0700
RRP$399.99

Seamless Precision

Precision engineering ensures accurate grind consistency with seamless delivery for the ideal coffee extraction.

Adjustable Grind & Easy Re-calibration

30 adjustable grind settings and a unique, easy "no-tool" recalibration system ensures ongoing grind consistency.

Tap & Go™ Grind Delivery System

Unique Tap & Go™ technology allows an easy one touch grind. An illuminated cradle and anti-state chamber assist in seamless and accurate grind delivery.

Precision Grinding

Belt drive and dual bearings minimise any conical burr movement which increases grind precision and consistency.

- Easy clean without recalibration
- Belt driven system reduces motor noise
- Removable grind spill tray with storage area
- Stainless steel chassis
- 450g hopper with closure arm for easy removal

Planetary Mixmaster®

Balanced head lift & easy reach button

The balanced head lift with large and conveniently located head release button, allows for one-handed raising of the mixer head.

Covered Interior Hinge

Prevents food entering interior of mixer and for additional safety.

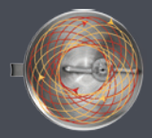
Variable Control Dial

Select any speed from 1 – 12, to suit your mixing task.

Scrapemaster™ Spatula Beater

Combines ingredients and simultaneously scrapes the sides and the base of the bowl.

Planetary Mixing Action



Mixing attachments rotate whilst travelling around the inside of the bowl, reaching all areas of the bowl and virtually eliminating the need for scraping.

- Die Cast base/ plastic head
- Attachments: ScrapeMaster™ spatula beater, stainless steel whisk, die cast dough hook

Master Series
Slow Juicer

JE9000
RRP$499.99

High Juice Yield

The juicing screw presses and squeezes fruit and vegetables which releases more juice, creates drier waste pulp and more nutrients remain in the juice.

Traditional Juicer | Our Slow Juicer

Easy Cleaning

Simple to take apart and assemble with no sharp blades.

Quiet Operation

More juice is extracted by operating at a lower speed which creates less noise.

Smoother Juice Attachment

For those who like their juice super smooth, place the smoother juice filter over the juice container for pulp free juice.

Quality Guarantee: 12 Month Replacement Guarantee
Effective Performance: 280 Watts
Juice & Pulp Container: 1 Litre
Easy to Clean: Cleaning Brush
Tested to the Limit
Proudly Refined & Engineered: In Australia

Double Sieve Technology

First Juices The Fruit, then Juices The Pulp

Sunbeam's exclusive double sieve technology uses precision engineering to extract maximum juice from fruit and vegetables.
Same fruit in, more juice out.

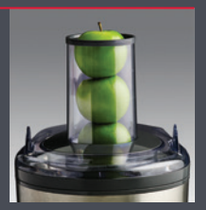
Master Series
Double Sieve Juicer Pro & Double Sieve Juicer

JE7800/JE5600
RRP$229.99/ $199.99

Double Sieve Technology

Stainless Steel Double Sieve engineered from high performance, durable stainless steel with two layers of a micro mesh filter for maximum juice.

Whole Fruit Chute



70mm wide chute allows quick and easy whole fruit and vegetable juicing. Spend less time chopping and more time juicing.

2 Speeds

'Soft & Squeezy' for soft fruits with high water content, 'Hard & Crunchy' speed for harder fibrous fruit and vegetables.

1 Litre Juicing Jug

Large 1 litre juicing jug with froth separating lid ensures an easy pour and smooth tasting juice.
